Thank You, Brookline.
You are Amazing!

When the Covid-19 crisis turned this year’s Step Up Celebration into a virtual fundraiser, it seemed wise to lower our goal. But you helped us exceed our goal with a near-record $131,055! It “takes a village” to help every child succeed, as featured speaker Liz Walker reminded us, and this village stepped up in a big way.

On behalf of our Board, staff, and 310 Steps students and their families, thank you for your incredible generosity. Even in this dark time, the future for Steps students remains bright, as it has for 19 years and counting, thanks to the extraordinary support of this remarkable community.

Shoma

Shoma Haque, Executive Director

Steps to Success promotes educational equity and excellence for Brookline students from low-income families by providing them with sustained, personalized support from 4th grade through college, and maximizing their prospects for a successful future. This includes:

- providing children with high-quality academic enrichment, afterschool, and camp experiences;
- closing the “opportunity gap” through paid internships, career counseling, and in-college assistance;
- collaborating in close partnership with the Public Schools of Brookline and Brookline Housing Authority.

80% of our college students are on track to graduate in 4 to 6 years compared to 11% of low-income students nationwide.

93% of STS elementary/middle school students showed measurable growth in their enrichment subject matter.
